Since 1946, LaDeau Manufacturing has been a world-leading precision manufacturer specializing in **piano hinges, mil-spec hinges, mil-spec hinge pins and custom hinges.**

### Capabilities

- **Primary Processes:** Automated Continuous Hinge Lines, Automated Assembly, Punch Press Stamping, Press Brake Forming
- **Secondary Processes:** Hole Piercing, Countersink & Coining, Bending, Forming, Notching, Tapping, Deburring, Staking, Pin Spinning, Welding, Shearing, Lancing, Fastener/Hardware Installation, Spring-Loading, Cleaning, Painting, Powder Coating, Anodizing, Passivating, Plating
- **Quality:** ISO-9001:2015 Certified, 99.8% Acceptance Rate, Independent Certs.
- **Ranges:** Material Thickness: 0.008" (0.2mm) → 0.375" (9.5mm)  
Pin Diameter: 0.020" (0.5mm) → 0.625" (15.9mm)
- **Material:** Aluminum, Steel, Stainless Steel, Brass, Alloys & Exotics, Domestic & DFAR Compliant available
- **Volumes:** Prototype to Millions Annually

### Advantages

- **Vertical Integration:** All office, tooling and manufacturing processes (save finishing) are in-house; minimized downtime & supply interruption, fast turn-around & unmatched flexibility.
- **Tooling Arsenal:** Massive tooling arsenal accumulated over decades of operation enables production of thousands of custom designs, with no tooling cost.
- **Modular Tooling:** Proprietary Universal system enables production of short & mid-range quantity and specialty hinges, with low or no tooling cost.
- **Engineering Core:** Close Integration of Engineering in Core Processes ensures continuous internal improvement in all departments & maximum flexibility in all operations.

### Further Vendor Info

- Cage Code: 06192
- DUNS Number: 008246837
- NAICS Codes: 332510, 332116
- Product Service Code (PSC): 5340, 5341
- Classification: Woman-owned, Small Business
- Year Established: 1946
